

The Coalition's Mission

The Northwest Region Healthcare Coalition is responsible for the development and maintenance of a regional healthcare emergency response system. The Coalition creates a collaborative environment through trainings, exercises, and general regional support, in which medical facilities and local emergency response agencies can coordinate plans, respond to and recover from an emergency.

The Coalition's Partners

Our regional partners include:

- Ambulatory Surgical Centers
- Comprehensive Outpatient Rehabilitation Facilities
- Dialysis
- EMS
- Fire
