

## **NWS Basic SKYWARN**

Monday, December 9, 2019  
6:30 PM

Rappahannock Electric Cooperative,  
14380 Fredericksburg Tpke, Bowling  
Green, VA

The "Basic SKYWARN" class covers all the background information needed to become a trained severe weather spotter. The 2-hour course is free of charge, and is led by a National Weather Service meteorologist. Once trained, spotters play an important role in providing the National Weather Service with vital weather information when severe weather occurs.

Registration is required! Register for this class and get more information online at [weather.gov/Wakefield/SKYWARN](https://www.weather.gov/Wakefield/SKYWARN)
