

FEMA COVID-19 Update

Key Messages

- On June 11, the U.S. Department of Health and Human Services, through the Health Resources and Services Administration (HRSA), provided \$424.7 million in funding to over [4,200 Rural Health Clinics](#) for COVID-19 testing and mitigation.
 - Later this summer, HRSA will issue up to \$35.3 million in additional funding to eligible clinics.
 - As key health care access points and trusted community resources, the clinics will use the funds to maintain and increase COVID-19 testing, expand access to testing for rural residents and broaden efforts to mitigate the spread of the virus in ways tailored to their local communities.
- Working with state governments, FEMA will continue to provide [federal support to community vaccination centers](#), including supplemental vaccine allocation to three pilot sites.
- There are three active or temporarily closed federal community vaccination center pilot sites and 85 mobile pop-up sites receiving supplemental vaccine allocations and other federal support. Additionally, there are two federal community vaccination center pilot sites that are receiving federal personnel support but are no longer receiving supplemental vaccine allocations. Thirty-four federal community vaccination center pilot sites and 136 mobile pop-up sites have completed the pilot program.
 - The federal community vaccination center pilot sites have administered more than 5.6 million vaccinations.
- There are 16 mobile vaccination units operational in Arizona, Connecticut, Idaho, Maine, Maryland, New Mexico, New York and Oregon. The mobile units have administered more than 58,800 vaccinations.
- Individuals interested in receiving a COVID-19 vaccine can visit [vaccines.gov](#) to find a location close to them and make an appointment. Individuals can also text their zip code to 438829 to receive a text with the closest COVID-19 vaccine location. In addition, individuals can get a free ride to and from the COVID-19 vaccination centers from two ridesharing companies through July 4.
- FEMA is processing applications for [funeral assistance to provide financial assistance for COVID-19](#) related expenses.
- As of June 15, FEMA has received more than 218,700 funeral assistance registrations and approved more than \$292.3 million in assistance to individuals.
